# PRODUCT LIST

**Ekomille** *- Electromechanical device for the monitoring and multiple capture of rodents*      **Dimensions: H630 x W330 x D440mm**

**Target:** Rattus rattus, Rattus norvegicus, Mus domesticus
**Material:** ABS plastic structure, brass mechanisms, stainless steel
**Field of Use:** rodent control management in the food chain industry, ecological rodent control management
**Characteristics:** avoids environmental pollution and the dispersion of carcasses in the environment, ensures the safety of children, non-target animals and work places, external capture counter, battery light indicator
**Included:** ekofood 100, pair of gloves, instruction manual, small shovel & plastic bag

**Product Code: ER01**

**Ekologic** *- Device for the monitoring of rodents*      **Dimensions: H370 x W330 x D440mm**

**Material:** ABS plastic structure
**Field of Use:** to be used with Ekomille, for monitoring and prevention in the food chain industry
**Characteristics:** for rodent control management without the use of chemical substances
**Included:** ekofood 100

**Product Code: ER02**

**Ekopark** *- Inspection cover for urban locations*      **Dimensions: H750 x W600 x D600mm**

**Material:** coated metal frame covered by timber - treated for external locations
**Field of Use:** protection for Ekomille and Ekologic against vandalism, non-target animals, theft
**Characteristics:** reduces the environmental impact, aesthetically integrates into urban environments, security lock

**Product Code: ER03**

**Ekobox A** *- Inspection cover for public and industrial locations.*      **Dimensions: H655 x W560 x D410mm**

**Material:** coated metal cover for external use
**Field of use:** protection for Ekomille against vandalism, non-target animals, theft
**Characteristics:** chains and locks for fixing to the ground, a wall or a post

**\*Specify Colour: Cream or green.**      **Product Code: ER04**

**Ekobox B** *- Inspection cover for public and industrial locations.*      **Dimensions: H380 x W520 x D410mm**

**Material:** coated metal cover for external use
**Field of use:** protection for Ekologic against vandalism, non-target animals, theft
**Characteristics:** chains and locks for fixing to the ground, a wall or a post

**\*Specify Colour: Cream or green.**      **Product Code: ER05**

**Ekostop** *- Security fixing*      **Dimensions: ø 60 x H540mm**

**Material:** metal and plastic
**Field of Use:** to fix Ekopark and Ekobox to the ground
**Characteristics:** easy to install, can be re-used

**Product Code: ER06**

**Ekoup** *- Metal mounting support*      **Dimensions: H850 x W350 x D360mm**

**Material:** coated tubular metal frame
**Field of Use:** to assist rodent control management against Rattus rattus in high locations
**Characteristics:** practical tubular frame

**Product Code: ER07**

**Ekoside** *- Wall mount for Ekoup*      **Dimensions: H100 x W150 x D340mm**

**Material:** coated tubular metal frame
**Field of Use:** for high locations
**Characteristics:** mount with pre-drilled plate for quick and easy wall fixing

**Product Code: ER08**

**Ekoship** *- Handle for transporting*      **Dimensions: L500 x W280mm**

**Material:** ABS plastic
**Field of use:** to move and transport Ekomille
**Characteristics:** easy to use

**Product Code: ER09**

## Ekofix40 - *Preservation solution*
**10 Litre Container**

**Material:** mixture of alcohol, natural extracts and colouring
**Field of use:** attract rodents, narcotic function, carcass preservation
**Characteristics:** prepared solution for preservation of captured rodents

Product Code: **ER10**

## Ekofix100 - *Preservation solution*
**5 Litre Container**

**Material:** mixture of alcohol, natural extracts and colouring
**Field of use:** attract rodents, narcotic function, carcass preservation
**Characteristics:** concentrated solution for topping up capture container

Product Code: **ER11**

## Ekofood 100 - *Natural Baits*
**Dimensions: 600g Bag**

**Material:** sunflower seeds, animal fat, pine nuts
**Field of use:** bait for the 3 main rodents: sunflower seeds for rattus, animal fat for norvegicus, pine nuts for domesticus
**Characteristics:** highly attractive, extensive shelf life, natural products

Product Code: **ER12**

## Ekofood 105 - *Natural Bait*
**Dimensions: 500g Bag**

**Material:** chrysalis
**Field of use:** to integrate with Ekofood 100 in case of high level of food presence in the environment
**Characteristics:** highly attractive, extensive shelf life, natural, ideal for rattus rattus & rattus norvegicus

Product Code: **ER13**

## Ekocheck - *Ekorodent system indicator*
**Dimensions: L190 x W85mm**

**Material:** PVC
**Field of use:** indicates the use of Ekorodent system devices

Product Code: **ER14**

## Ekonet - *Net for rodent retrieval*
**Dimensions: L260 x W200 x Ø20mm - L270mm (modular extension)**

**Material:** stainless steel frame and nylon net - extension: coated tubular metal
**Field of use:** professional collection of captured rodents from the lower part of Ekomille

Product Code: **ER15**

## Collection Bag - *Plastic bag for disposal of rodents*

**Field of use:** professional collection and disposal of captured rodents from the lower part of Ekomille
**Characteristics:** Plastic throwaway bags

Product Code: **ER16**

## Ekowas - *Disposal Container*
**Dimensions: H300 x W400 x D260mm**

**Material:** plastic
**Field of use:** collection, transportation and temporary containment of captured rodents
**Characteristics:** sealable lid, capacity 25 lt

Product Code: **ER17**

## Ekofit - *Professional Maintenance Kit*
**Dimensions: H280 x W550 x D250mm**

**Material:** various
**Characteristics:** spare parts and accessories for Ekomille ed Ekologic

**Included:**

| | | | | | |
|---|---|---|---|---|---|
| Manger partition | 5 | Turning axis bush | 10 | Mobile wall | 1 |
| Trapdoor gasket | 3 | Trapdoor plastic screw | 10 | Left cover | 1 |
| Battery | 3 | Trapdoor axis screw nut | 10 | Right cover | 1 |
| Charge lever | 3 | Upper ladder complete | 1 | Sunflower seeds 500g | 3 |
| Charge lever washer | 5 | Lower ladder complete | 1 | Animal fat 30g | 5 |
| Sensor bar | 3 | Big feed holder | 1 | Pine nuts 15g | 5 |
| Fixing screw | 10 | Small feed holder | 1 | Disposable gloves | 6 |
| Turning axis screw | 10 | Manger | 1 | | |

Product Code: **ER18**
